

E-Safety Policy

"We believe every child and young person should be protected, educated and empowered to stay safe when using the internet and digital technologies"

It is important that children and young people receive constant messages about the safe use of ICT and are able to recognise and manage the risks posed in both the real and virtual world.

Our policy is:

To protect and educate pupils and staff in their use of technology.

To have the appropriate mechanisms to intervene and support any incident where appropriate.

All teaching staff and non-teaching staff receive regular up to date training in safeguarding which is delivered by the school safeguarding team annually.
