

Online safety Advise for parents and carers

Christmas Holidays help Guide

Keeping our young people safe online is becoming more and more of a challenge. We are faced with a minefield of temptations online and nearly all social media invite us like, follow, comment, join, chat and copy.

Do you know who your child is speaking to? What privacy settings do they have on their social media? How can you monitor what they are doing without making them cross?

Here are some helpful links who offer great advice and resources and can answer many of the questions you may want to ask in relation to keeping your young person safe online.
